

# Student Support During & After School

- Improvement in student learning
- Tutoring at VLMA (7/8) & LGAM
- Emotional support from social worker
- Arts & Crafts

- Can we extend services for students who are close to reclassification
- Target reclassification at end of 6th grade
- Encourage students to read more - create incentives, reading at home

**Social Workers at every site!!**

**Enrichment Programs (LGAM is doing Amazing with their clubs)**

**More support for students who have to be absent due to COVID, virtual classes, perhaps?**

**Are we going to see more support for extracurricular activities such as sports and art for our students since these kind of activities help our students' healthy socio emotional development?**

LGAM has the student closet and Hygiene products available, which is a great support for many students.

ELP activities are engaging and attention, my kids love the variety of choices, and SM Leader in Me is great program and I see my own kids using the habits daily.

# Parent/Family Support Meetings, Resources

Weekly Parent Newsletters by Schools.

- Communication
- Surveys
- Interpretation services expanded

Some meeting times are hard for everyone.

Parent workshops based on feedback from families- at site and district level

More information for parents regarding how to help their children to be reclassified
