## Vision

- What is your vision of UPK in Lemon Grove in five, ten, or 20 years?
- How do you see the staff, students, and the community benefiting from a UPK program? Why does it make a difference for everyone involved?
- What is your ideal program?
- What is different about a UPK Lemon Grove School District program in comparison to others in the area? Do we want to improve on that?
- Is there a specific niche that we can tend to?
